The Visit was started at 10:30 a.m. when we reached the company. The HR manager of the company came down to receive us and soon we all were taken to the 1<sup>st</sup> floor of the company. First of all we were shown the entire infrastructure of the company. There was the reception area and conference room at this floor. There is a cafeteria at this floor where lunch is provided to the employees at discount.

The 2<sup>nd</sup> floor consists of development area and call centre. At this floor the junior development team was doing development work. The websites of many universities(Saurashtra University, BKNMU, HNGU, etc.) are developed by this company. This type of softwares are developed at this floor.Our Alumni student Sagar Vaja(from 2015 batch) is an employee at company was here.

The 3<sup>rd</sup> floor was named as Brainstrom where senior developers were working. Here mainly the R & D work is carried out. The softwares related to transportation are developed here. The 4<sup>th</sup> floor named as Euphoria which contains the game zone. Facilities such as Table Tennis, Carrom , Chess are available. A walker for exercising is also available.

Soon, we were assembled in the conference room. Here Mr.Parvez and his assistant Miss.Swati Parodia delivered a session. Miss.Swati presented us the introduction of company which included the company profile.

Mr.Parvez deliver a general awareness session in which he guided students what the company needs, expects in them and how should they prepare themselves for company.

He started with a short story whose morale was to analyze thing before judging or starting task.

In his session he informed students important skills of a developer such as

- Grammer
- Presence of mind
- Theory vs Practical View

He also informed role of SDLC (Software Development Life Cycle) as an important part of development.

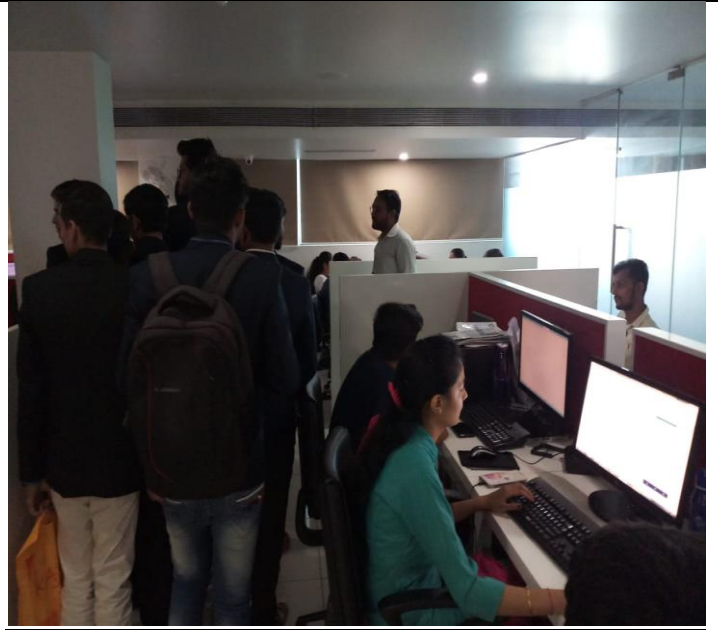

He strongly said that knowledge of language is not important, what is important is Logic. Once we have the logic, the way to think , a software can be developed easily in any programming language.

The session was followed by a short session by Mr.Bhavesh Gadhetariya, Managing Director of Infinity Infoway, Rajkot. He delivered a session on new technologies.

At last we all were served with snacks(Batata Pova) and cold drink.
